PROJECT CELEBRATION

Saturday, May 11, 2019 – 6:30pm
Henke Hall of Champions, IU Campus

Be a part of our exciting community-wide event, **Project Celebration**, when The Project School will celebrate our tenth anniversary year of impacting the Bloomington community! During this joyful evening affair, we will raise much-needed dollars for educational excellence, and will honor outstanding community partners.

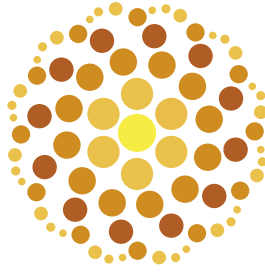

Please help us to make Project Celebration a success! **Through a donation of an item-of-value for our “experiences” auction**, you will impact thousands of lives. **You will also receive outstanding benefits** for your business, including:

- Event marketing outreach throughout the community
- Website acknowledgement with a link to your business
- Recognition on signage at event attended by 200+ community leaders
- Tax deduction for your contribution, as The Project School is a registered nonprofit

We are eager to meet with you to discuss donation and marketing opportunities, and to tell you more about the inspiring things happening every day at The Project School!

Questions?

Amy Jackson | 812.558.0041 ext. 2006 | connect@theprojectschool.org

**Yes, We'd like to donate an in-kind auction item for
Project Celebration on Saturday, May 11, 2019!**

The Project School

The Project School is the **only local teacher-designed chartered public school (nonprofit and tuition free)** in Bloomington. Now in our tenth year, we serve close to 300 students and their families in the greater Bloomington community, grades K-8. **The Project School is proud to be designated an “A” school by the Indiana Department of Education.**

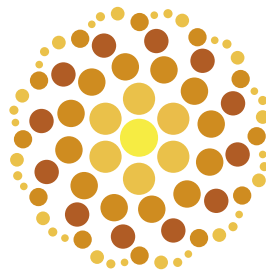

Our vision is to end the predictive value of race, socioeconomic status, gender and abilities on a child's success. 25% of the students in our fully inclusive program are children with special learning needs; 35% of our students are eligible to receive free and reduced lunch. *All* of our students are embraced as unique individuals and learners.

We believe in educating the whole child – heart, mind and voice. Our unique school model serves as an incubator for innovative and collaborative educational experiences for Bloomington, Indiana and the entire country. **We partner with local, regional, national and international schools and programs for mentorship, training and collaboration.**

Our efforts toward educational equity, social justice and environmental sustainability are **truly impacting our entire community.** We partner with agencies throughout the community, including Shalom Community Center, Boys & Girls Club, Girls Inc, Fair Trade Bloomington, New Hope Family Shelter, Stone Belt, Mother Hubbard's Cupboard, the City of Bloomington Parks & Recreation, Head Start, Middle Way House, Indiana University, the Dr. Martin Luther King, Jr. Commission and others to **contribute to the strengthening of our community and society.**

Our situation is unique: **unlike other free public schools in our community, we must assume responsibility for the costs of our facilities, transportation and technology.** And unlike other free schools in our community, we receive no funding for building maintenance.

Every dollar we put toward facilities and overhead is a dollar not spent on our programs of educational excellence. We therefore look to visionary friends in the community to **help us create the greatest lasting impact.**
